Worked on the calendar, that shows the meal and bookings

Bug fixes

**Skills:** MVC | GIT | GitLab | Singleton | UIKit | Compose | Swift | SDWebImage | UI/UX

**Duration:** 0 Year(s) 2 Month(s)

## Huru

Team Size: 2

Everyone is busy in this era, so there are older people who are left alone and has to take care of themselves. It becomes hectic work for them. To resolve this problem we have introduced HURU, which helps older people in many ways for e.g it provides schedule alert to take their medicine, food, health related etc.

The one who is taking care of the old man/lady can easily get to know about their schedule and help them.

Responsibility:

Development From Scratch

Discussed the Architecture to be used in the project.

Providing build to the Quality Analyst.

**Skills:** MVVM | GIT | FCM | REST | Firebase | AVFoundation | UIKit | UserNotification | WebKit | Photos | Collection | Compose | Data binding | Data store | Navigation | Paging | Webkit | Swift | Cocoa Pod | Alamofire | SDWebImage | EventKit | FSCalendar | App Store Deployment | Social Media

**Duration:** 0 Year(s) 8 Month(s)

## PVTG
